SV650X

If you're looking to get out on the road on a sporty bike with café racer styling, look no further than Suzuki's SV650X. With its smooth-revving V-Twin engine tucked into a slim and lightweight trellis frame, the SV650X combines power and agility with classic café racer looks.

Wherever you pull up and park, the retro appeal of the SV650X is eye-catching with its stylish slotted headlight cowling, tuck N' roll seat and blacked-out rider and pillion footrests.

KEY FEATURES

The Suzuki V-twin engine is a marvel of engineering and superb versatility. While at lower RPMs, this engine delivers powerful torque that's easy to handle and a deep throaty sound. Open the throttle to the mid-range, and the power of the engine responds linearly and smoothly, yet always under your control. Finally at higher RPMs, the V-twin cruises with performance ready to go, even at higher gears. The full-powered version punches out an impressive 56.0kW @8,500rpm with 64Nm of torque @8,100rpm.

In order to further improve overall fuel efficiency and emissions control, the V-Twin engine adopts two innovations: resin coating on the piston skirt for minimised friction between the cylinder and piston, and a special L-shaped piston ring for enhanced sealing performance and blow-by gas reduction.

Suzuki's Dual Spark Technology, unique in this class, utilises two spark plugs per cylinder for precise ignition. Combined with the newly adopted high-ignition nickel spark plugs, it contributes to increased combustion efficiency, smoother power delivery, lower fuel consumption and lower emissions.

Front forks are equipped with a new Preload Adjuster, allowing you to set suspension firmness for exactly the way you want to ride.
